Open City Guided Walk

A timed walk for a group

Radiator Festival 3pm, Saturday 17 January, 2009 | Broadway Media Centre, Nottingham

You need to arrive at Broadway Media Centre ready to start your recording for 15:05:00 hrs

15:05:00

- 1. Find a place on your own to stand or sit in the café bar or foyer making sure that you can see the digital clock that has been mounted in the café bar. You do not need to assemble with or identify others taking the walk.
- 2. You will need to have the recording in place, ready to start, as it is important that you begin the walk at the same time as the others.
- 3. Turn the ipod shuffle on using the switch on its base. The recording will not start until you press play.
- 4. When the clock reads 15:05:00 hrs PRESS PLAY and follow the instructions on the recording from that point onwards.
- 5. If for any reason your recording does not start as intended try again immediately and then follow the instructions
- 6. At the end of the walk return any loaned equipment to the staff at Broadway Box Office
